

INEVITABLE

INEVITABLE

INEVITABLE is a classically modern Feadship, totally refit and rebuilt at the famous Feadship De Vries Shipyard in Holland. Her raised paneled teak interior along with her coffered overhead ceilings and gold plated hardware immediately identify her stately pedigree. She is truly a "Gentleman's Yacht" in every sense of the phrase. INEVITABLE's clean profile and beautifully proportioned lines create an outstanding sight under way.
