This yacht is Allergy Friendly!

The Allergy-Friendly Cabins® process removes up to 99% of pollutants from air, making breathing easy.

It also protects from irritants such as viruses, bacteria, mold, eliminating odors at the source and leaving the cabins smelling fresh.

"The A-F CABINS"® concept includes:
Advanced Air-condition coil treatment.

Exclusive cleaning solutions designed to maximize the removal of dirt, bacteria and mold on carpets and upholstery, without any chemical cleaning products.

High Ozone shock Treatment that eliminates mold and bacteria, leaving the cabins smelling fresh and clean.

Breathable and washable mattress and additional inner pillow covers.

Guests will notice a refreshing difference upon entering the cabin, will feel more comfortable in the improved air surroundings and experience a sense of peace knowing they're in an environment where the presence of viruses and bacteria is significantly reduced.
